I am an artist who works with **illustration** and **animated film**, contracted as well as independent productions. My films have been screened at film festivals all over the world – for example at the **Sundance Film Festival**, at **Palm Springs International ShortFest** and at **Ottawa International Animation Festival** – as well as at places like Studion at the **Modern Museum of Art** in Stockholm and at **Liljevalchs Vårsalong**. I'm honoured to have received several nominations and awards for my work. For instance, in 2015 I was nominated for a Swedish Film Academy Award – **Guldbagge** – and in 2022 I received **the Liljevalchs and San Michele Foundation art scholarship**.

ABILITIES AND SKILLS

2D ANIMATION AND ILLUSTRATION. I handle the most common illustration and design programs fluently (Photoshop, Illustrator, InDesign etc). In animation, I mainly work in Toon Boom Harmony, but I also work classically, i.e. with pen and paper. For editing I use Final Cut Pro and Premiere. And if – for some odd reason – you need help with old HTML coding, I'm the one. (I can also help you with Wordpress and other newer web design solutions).

I always aim to keep a hand-made feel to my work.

WORK EXPERIENCE

2000 – TODAY: GANZANDERES ANIMATION & ILLUSTRATION

Ganzanderes was founded in September of the year 2000 by me, Malin Erixon. Since then, I've been freelancing doing illustration, design and animated film – contracted as well as independent productions. I've had the great pleasure to have my films screened at festivals and events all over the world, where I've also received numerous recognitions and awards, including a nomination for the Swedish Film Academy Award – **Guldbagge**. Read more about these recognitions below.

Besides my own animated short film productions, I freelance for advertising agencies, production companies, publishing houses, television etc. I have done work for: Sveriges Television (Swedish Television), MTV, Sony Music Greece, the magazine EXPO, the magazine PEOPLE, the magazine Situation Stockholm, Grow Advertising Agency, Orion Pharma (pharmaceutical company), Atmo Media Network (production company), Rewir Brand Agency, and Illustratörcentrum amongst others. See a complete list of clients here: www.ganzanderes.com/about

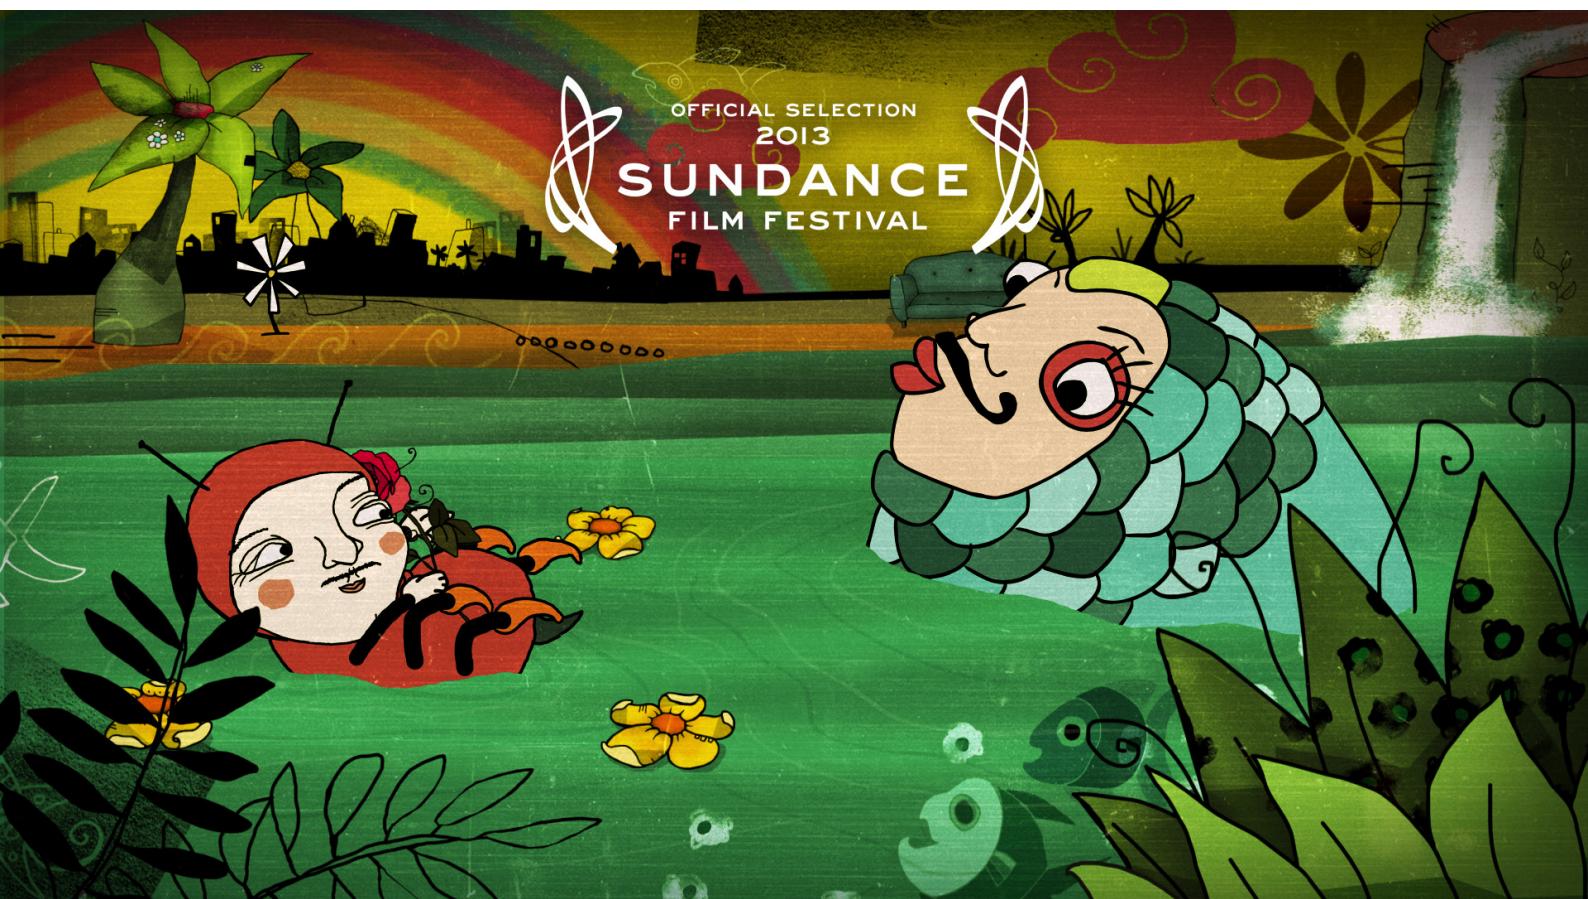

I have held courses in sketching and drawing techniques as well as held animation courses and mentored students at various design schools (see below). I have also been invited to be part of the jury at various film festivals (see list below) and in 2015, I was “filmmaker in focus” at the Uppsala Short Film Festival – the largest film festival for short films in Sweden – which included a retrospective showing nine of my films.

My animated short film “Benjamin’s Flowers” (Benjamins blommor) premiered in October 2012. It has been awarded at Stockholm International Film Festival, the largest competitive film festival in Northern Europe and has been selected to compete, as one of 65 films (and one of 10 animated short films) out of 8,102 submissions at the **Sundance Film Festival 2013** – one of the world’s biggest film festivals. It has also been selected for **Liljevalchs Vårsalong 2013**, the famous jury-selected Spring Salon exhibition marks the opening of each new artistic year at Liljevalchs Art Gallery in Stockholm. It has been selected to more than 60 film festivals around the world and premiered at **cinemas all across Sweden** in October, 2013, through Folket Bio. Please visit www.benjaminsflowers.com for more information.

My animated short film “But You Are a Dog”, premiered in January 2014 at Göteborg International Film Festival where it was nominated for **“Startsladden”** – Best Swedish Short Film – one of the biggest awards for short film in the world. It has also been selected to compete for **Best Swedish Short Film** at Uppsala International Short Film Festival 2014 as well for the **1 km film-scholarship** at Stockholm International Film Festival. It has been screened at several other festivals around the world and premiered at **cinemas all across Sweden** on October 16, 2014, through Folket Bio. It has also been selected for **Liljevalchs Vårsalong 2015** at Liljevalchs Art Gallery in Stockholm. In January 2015 the film was nominated for a Swedish Film Academy Award, a **Guldbagge**. www.butyouareadog.com.

My short film “Sleep Incidents” (2016) was financed by the Swedish Film Institute and co-produced by Sveriges Television (Swedish Television) and Johan Ribe/Film. It premiered at Göteborg International Film Festival in January 2016 and had its cinema premiere on March 30, 2016. It premiered on television on SVT1 in August, 2016 and is now available on SVT Play (world wide). It has also been selected for **Liljevalchs Vårsalong 2017** at Liljevalchs Art Gallery in Stockholm. www.ganzanderes.com/sleep-incidents

One of my most recent production is an animated fictional documentary series (and short film) – “SÄLLSKAPET – intervjuer ifrån alltings mittpunkt” / “THE ASSEMBLY – interviews from the middle

of everything". (Previously "Allt är väl ändå ganska bra nuförtiden" / "Vita män i Hökarängen" / "Vit man 40" "White Male 40"). It premiered at Göteborg Film Festival, the largest film festival in the Northern region in January 2020 and screened at Tempo Documentary Festival, the largest festival of its kind in Sweden, in the beginning of March where it received an **honorable mention**. It aired on SVT1 and SVTPlay in late March 2020. www.ganzanderes.com/sallskapet
